

Registration of Interest in Premium and Off Peak Water

Barossa Infrastructure Ltd (BIL) invites registrations of interest from new or existing customers in being connected to the BIL Scheme (the water pipe network operated by BIL). The information provided below is for your consideration. If you are interested please ensure you make full enquiries and read the example of a typical contract (available on the website) carefully. The registration form is attached.

Becoming a Premium Water customer (water supply throughout the year including summer months) involves costs as outlined below:

- Connection to the network including meter at cost
- Purchase of 1750 ordinary shares in BIL per Megalitre based on your contracted volume (currently the issue price of each share is \$1)
- Payment of infrastructure levy likely to be for 8 years at either \$2,000 or \$1,500 per Megalitre per year as shown below
- Usage charges based on volume as outlined below (take or pay)

Costs may also be incurred where you reconnect to the network, after being disconnected, as outlined below.

Please note that the costs and conditions below are indicative only and may vary.

Premium Water

An example of the infrastructure levy payment and share payment schedule for Premium Water is set out below. Any variations will be set out in the final customer contract. The first year's payment and connection costs must be made before joining the Scheme.

Infrastructure levy and payment schedule for each Megalitre EXAMPLE ONLY

Payment No.	Timing	Water Infrastructure Levy per Megalitre	Share Payment schedule per Megalitre
1.	30 June 2016	\$1,000.0	\$1,750.00
2.	30 June 2017	\$2,000.00	NIL
3.	30 June 2018	\$1,500.00	NIL
4.	30 June 2019	\$1,500.00	NIL
5.	30 June 2020	\$1,500.00	NIL
6.	30 June 2021	\$1,500.00	NIL
7.	30 June 2022	\$1,500.00	NIL
8.	30 June 2023	\$1,500.00	NIL

Premium Water is supplied throughout the year. In Dec – Mar only Premium Water is available – Off Peak Water is not available. The Water Year is 1 Oct to 30 Sept.

Usage charges, subject to annual review (2016/2017 Water Year charges are below)

1	Premium	\$ 710 / ML
2	Not taken	\$ 480 / ML
3	Excess Water	\$3550 / ML

BIL Premium Water is generally supplied at a rate of 1/50 of the amount ordered daily. E.g. if you order 10 ML the flow rate is 200 Kilolitres/day = 2.3 l/sec. Minimum connection is 1ML/annum. BIL will attempt to supply water at this rate but reserves the right to make an offer at a lower rate if the supply is limited in your portion of the system.

Off Peak Water

There are usage charges for Off Peak Water. There is also a capital charge (infrastructure levy) for Off Peak of \$500 p.a. for 5 years.

An example of the Infrastructure Levy payment schedule of Off Peak Water is below. Any variations will be set out in the final customer contract. The first year's payment and connection costs must be made before joining the Scheme.

**Infrastructure levy and payment schedule for each Megalitre
EXAMPLE ONLY**

Payment No.	Timing	Water Infrastructure Levy per Megalitre
1	30 June 2016	\$1,000
2	30 June 2017	\$ 0
3	30 June 2018	\$ 500
4	30 June 2019	\$ 500
5	30 June 2020	\$ 500
6	30 June 2021	\$ 500

Off Peak Water is supplied in two periods

- 1 Oct – Nov, maximum 25% taken during this period
- 2 Apr – Sep, second Off Peak period, supply rate is approximately 12% per month

Usage charges, subject to annual review (2016/17 charges are below)

1	Off Peak	\$ 910
2	Not Taken	\$ 480
3	Excess Water	\$3550

Connection or reconnection to the network

Customer connections to the network are carried out by a suitably qualified and accredited contractor nominated by BIL (to ensure the contractor is properly qualified to undertake the work). BIL will arrange for the contractor to undertake the work.

Disconnection from the network

BIL does not charge any disconnection fee or termination charges. However, if a customer is disconnected from the network due to failure to pay or other default on the part of the customer, and the customer then requests reconnection, BIL usually charges that customer a fixed reconnection fee. The reconnection fee for the 2016/17 Water Year is \$1000 plus GST.

EXPRESSION OF INTEREST FORM

RE

TAKING UP IRRIGATION WATER WITH BAROSSA INFRASTRUCTURE**Background**

Barossa Infrastructure (BIL) has a water transport agreement with SA Water to supply non potable water suitable for viticulture in the Barossa. This may be supplemented with reclaimed water from townships or wineries as part of BIL's commitment to sustainable water use. To supply this water BIL has a pipe network covering the majority of the valley.

More details of the scheme, an example of a typical customer contract and a map of the pipe network are available on the web site <http://barossainfrastructure.com.au/>

There is an opportunity to expand the scheme by ordering an additional 1,000 Megalitres from SA Water. This is an opportunity to register your interest. Customers become shareholders in BIL and pay both a usage charge and a capital contribution. Full details will be made available to those who register their interest.

There is no obligation or cost on either BIL or anyone registering their interest at this time
Once a registration of interest is accepted and ability to supply confirmed by BIL a deposit is required.

Registration (please complete all fields)

If possible, please attach a map indicating your preferred connection point
