

Newsletter to Barossa Infrastructure Ltd Customers

December 2019

All Customers - Full Water Entitlements

All BIL customers can now take 100% of their BIL water entitlement in Water Year 19/20 after the government announced South Australian River Murray allocations had risen to 100%.

Surplus Water

If you have surplus water in Water Year 19/20, submit a [Surplus Water](#) form to Neville. He will redistribute the water to others who have requested [Additional Water](#).

Christmas – New Year Office Shutdown

Closed from 4pm 20th December

Re-open at 9am on 8th January

BIL's office will be closed over the Christmas and New Year's period. During this time, I can be contacted for any office related matters via phone or email, while Steve and Caleb will be on hand to keep the system operating.

Lisa, Neville, Caleb, Steve and I wish you all a great Christmas.

Further Expansion – Being Considered

We continue to receive non-binding [Expression of Interest forms](#) from customers and potential customers interested in taking up more water.

Investigations into a further expansion continue, including considering the use of recycled water (treated to an appropriately high quality). No decision has been made on whether to proceed.

If you would like to express your view on expansion and/or use of recycled water, let me know.
