Christmas – New Year Office Shutdown

Lisa, Neville, Steve, Caleb and I wish all BIL customers a wonderful time over Christmas and New Year.

BIL's office will:

Close at 4pm Wednesday 23 December 2020

Re-open at 9am Wednesday 6 January 2021

Steve will be available during this time to keep the water flowing. Neville will be in and out of the office should you have admin queries. And of course, you can continue to contact me any time.

Warren Reservoir Water

BIL is acutely aware that the water quality recently has been highly variable. SA Water today made a change to how water is supplied to BIL, which may improve water quality.

If your flow rate decreases, first try backflushing your filter.
