May 2018

Scheme Expansion – Closures for New Works

The work is now proceeding quickly with upgrades to be done in May. The following is a program of works and how they will impact in various areas. Customers will not have BIL water between the dates as listed below. This information will be confirmed on the BIL web site each week as works progress.

1. 8 and 9 May
Replacement of main flowmeter - all customers will be affected
2. 14 to 19 May
New Pipework at Whitmore Pumping Station - customers downstream of the western branch main at Rowland Flat will be affected, including Gomersal Road, Rowland Flat, Seppeltsfield, Marananga, Stonewell, Dorrien adjacent to Barossa Valley Way.
3. 21 to 26 May
New Pumps at Vinegrove Pumping Station - customers north of the Sturt Highway affected except Research, Belvidere and Schneider Roads.
4. 28 May to 2 June
New Pumps at Moppa Pumping Station - customers on Moppa Road affected

If you have any queries, please contact the BIL office

BIL Web Site

You are encouraged to visit the web site regularly to obtain updated information on service disruptions.

Customer Connection Maintenance

During this year customer meters will most likely need battery replacement. Please check your meter while in use to ensure it is functioning correctly. Notify the office or one of our staff if you suspect your meter is not recording correctly – this will avoid the need for estimated charges.

Access Your Meter Data

Customers are encouraged to access their meter data via the BIL website. Please give Neville Skipworth your email address and property ID(s). Meter data can also be made available to your vineyard manager.
