Newsletter to Barossa Infrastructure Ltd Customers

Scheme Expansion

Barossa Infrastructure Ltd (BIL) is negotiating with SA Water for an additional 1,000 ML of water. At this stage the cost and supply conditions have not been resolved. It is expected that a decision will be made towards the middle of 2015 and supply commence in October of 2016.

If you wish to take up a quantity of this water, please register your interest. Further information and forms are available on the BIL web site www.Barossalnfrastructure.com.au

Contact Information – Help us to Help You

Recently we needed to advise customers of a programmed service disruption. This was done by email, however we were unable to reach a number of customers. Please fill in the Contact Information Sheet so that we can confirm your details – if you have changed contacts recently let us know!

2014 AGM – 4:00pm Monday 27 October at the Vine Inn, Nuriootpa

As advised separately, the 2014 Annual General Meeting of Barossa Infrastructure Ltd will be held at 4pm on Monday 27 October at the Vine Inn Nuriootpa.

Temporary Trading of BIL Water in 2014/15

If you wish to order additional water or have surplus water to trade, please advise the BIL office as early as possible. To enable this to occur customers who have surplus water or need additional water in 2014/2015 should register their requirements using the attached form.

To assist us in complying with our SA Water Transport Agreement, please ensure that any requests for additional water reach the BIL Office by 4pm on Thursday 23 October 2014. Requests received after that date will be considered on a first-come basis. Water trades will be shown on your next water account. If you need to confirm the trade please ring the office.

Assistant to the General Manager

As many customers are aware, Neville Skipworth has joined the BIL team to assist customers with all operational matters. Neville's contact number is below.

Temporary Transfer of Water for 2014/15 Water Year

Email: paulshanks@barossainfrastructure.com.au

Fax: 08 8563 1266 or Post: PO Box 665 Tanunda 5352

Barossa Infrastructure Ltd advertises for temporary transfer of water between customers, with the following conditions:

- 1. trading is done on full Megalitre basis on a first come first served basis
- 2. customers who request additional water will pay at current cost for the water as it is used and for water not used will be charged at the Contract rate; the price for the 2014/15 year will be notified when available
- 3. customers who declare water surplus will have that water deducted from their quantity for the year involved
- 4. if a customer enters into a separate arrangement with another customer, then BIL will simply arrange a temporary transfer, leaving the other party to pay the water costs and whatever fee has been agreed between the parties
- 5. only surplus Premium Water is likely to be placed; if an opportunity for Off Peak Water occurs customers will be informed
- 6. there will be no charge by BIL for this service

If the other party is not a customer, then the costs of the meter and technical check to ensure system capacity would almost always preclude any temporary transfer. Arrangement for payment of these costs would be required.

| Customer Number | Property Number | Current Water Entitlement | | Surplus Water | Additional Requirement |
|--------------------|--------------------|---------------------------|----------|------------------|---------------------------|
| | | Premium | Off Peak | Megalitres | Megalitres |
