CONSUMPTIVE POOL River Murray

MAXIMUM VOLUME PER ANNUM APPROVED TO BE USED ON THE SITE FOR THE PURPOSE OF IRRIGATION (kL)

Volume	Use Meter ID
12000000	2817

LAND ON WHICH THE WATER IS APPROVED TO BE USED

CONDITIONS RELEVANT FOR THIS SITE USE APPROVAL

Intervals at which conditions of this approval may be varied by the Minister (section 164C(1)(b)) of the *Natural Resources Management Act 2004* ('the Act'):

Yearly (on or about 30 June each year)

This approval is subject to the Act, and any conditions which may be specified from time to time in the Regulations, or by the Minister under the Act, and to the following further conditions:

- Under this approval water may only be used on this site for the following purpose(s):
Irrigation
- The holder of this site use approval must comply with the provisions of the Water Allocation Plan for the River Murray Prescribed Watercourse 2017.

3. For the purposes of this approval the, the term 'per annum' means the period between 1 July in any calendar year and 30 June in the following calendar year.
4. The holder of this site use approval must not use water for the purpose of irrigation except through a meter supplied, installed and maintained in accordance with the South Australian Licensed Water Use Meter Specification 2012.
5. The holder of this site use approval must comply with the provisions applying to meters set out in Regulation 14 of the Natural Resources Management (Financial Provisions) Regulations 2005.
6. The holder of this site use approval must notify the Minister or the Minister's agent immediately if a meter fails to measure or record any quantity of used under this approval or if there is any reason to suspect that a meter may be defective.
7. The holder of this site use approval must take meter reading(s) from each meter through which water is used for the purpose of irrigation. The meter reading(s) must be taken during the first fourteen calendar days of July, October, January and April in each year and submitted to the Department by the end of the relevant month in a form specified by the Minister or the Minister's authorised representative.
8. The use of imported water must not result in adverse effects on the natural flow or quality of surface water, underground water or water in a watercourse or lake.
9. The use of imported water must not adversely affect the condition, biodiversity or extent of water dependent ecosystems.
10. The use of water under this approval must not cause a rise in the underground water level, resulting in detrimental effects to ecosystems.
11. The use of water under this approval must not result in adverse effects on the natural flow or quality of another water resource (excluding effluent).
12. The use of water under this approval must not result in adverse effects to the productive capacity of the land on which it is used, including salinity, waterlogging or perched water tables.
13. The use of water under this approval must not adversely effect water dependant ecosystems.

NOTES

1. If the company name or name of the approval holder(s) and/or the postal address of the approval holder(s) changes, then the approval holder(s) must notify the Department in writing within 21 days of the change occurring.
 2. The approval holder, or a person acting on behalf of the approval holder, who contravenes or fails to comply with a condition of this approval is guilty of an offence, and such acts or omissions may also result in cancellation, suspension or variation of the approval by seven days written notice.
 3. This approval does not negate your responsibility to obtain any other necessary approvals relevant to the take and use of water.
